Konftel Cam20

Show everyone. In the minutest detail.

The Konftel Cam20 is the conference camera that brings 4K Ultra HD video to huddle rooms and medium-sized meeting rooms. Coverage for all the participants, who are presented naturally in the pin-sharp image. In short, the Konftel Cam20 is the ideal complement to your speakerphone – the perfect huddle room camera.

You can also be sure that the other participants in the video conference will get a clear and balanced image of you and your colleagues – whether you opt to transmit in 4K or regular HD resolution. With WDR technology, the Konftel Cam20 automatically adjusts to achieve a good picture in different light conditions, even challenging ones such as low light, direct sunlight and high contrast.
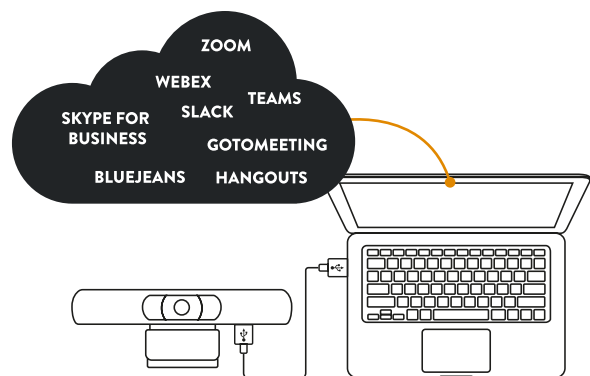

4K · 123° · EPTZ

- 4K Ultra HD
- 123° field of view
- Simple installation
- EPTZ
- 8x digital zoom
- USB
- Two-year warranty

IMPRESSIVE VIDEO QUALITY

The Konftel Cam20 is optimized for situations where the conference cam needs to be positioned close to the table, as is normal in today's many huddle rooms. The 123° field of view means that all the participants can sit in a comfortable position and still fit into the video image. At the same time, the camera creates a realistic image with no distortion.

SMOOTH MEETINGS

Whatever your preferred app or cloud service, the Konftel Cam20 will sort out the video image as long as you can connect via USB. Once the meeting is up and running, you can control the camera's digital Pan-Tilt-Zoom via the remote control with simple presets. 4K resolution makes the zoom deep and sharp.
